Entre Nous

Nous sommes très heureux de présenter le présent Cahier, parce que nous considérons qu'il a une valeur exceptionnelle. Nous ne croyons pas nous tromper en affirmant que ces documents concernant les Acadiens tirés des Papiers d'Anherst sont très peu connus, n'ont jamais été publiés pour la presque totalité, ni exploités par les historiens. Or, ils traitent d'une période obscure de l'histoire des Acadiens (1760-1763) et sont d'une extrême importance par la lumière qu'ils projettent sur des faits que nous connaissions vaguement, par plusieurs listes de noms d'Acadiens qu'ils fournissent, etc.

À Régis Brun qui les a dénichés et qui les publie aujourd'hui, nous exprimons ici toute notre reconnaissance.

* * *

Le 17 avril dernier, la Société Historique Acadienne célébrait son dixième anniversaire de fondation par un grand banquet à Moncton. Le Premier Ministre du Nouveau-Brunswick, l'honorable Louis Robichaud, qui nous avait fait l'honneur d'accepter d'être le conférencier invité en cette circonstance, fut empêché de venir. Il se fit remplacer et fit lire son message par son Chef de cabinet, M. Robert Pichette. Ce message mérite de demeurer parmi nos documents historiques. Le volume du présent Cahier ne permet pas de l'y inclure; mais nous le reproduirons dans le prochain numéro où nous parlerons davantage des dix années fécondes de notre Société Historique Acadienne.

Nous voulons quand même tout de suite exprimer notre reconnaissance au premier ministre pour son témoignage sympathique de confiance et d'encouragement à notre Société.

* * *

Nous prions nos membres et les personnes intéressées de ne pas oublier le voyage important que la Société Historique Acadienne organise pour 1970. Il s'agit d'une visite d'une semaine à nos frères, descendants d'Acadiens de la province de Québec. Ce voyage qui aura lieu dans la semaine du 24 juin sera le premier du genre dans l'histoire, car s'il y a eu dans le passé des relations de correspondance, des visites individuelles, il n'y a jamais eu de voyage de groupes entre les Acadiens des Maritimes et les descendants d'Acadiens du Québec. Or, il existe encore au Québec des villages qui sont demeurés entièrement acadiens depuis 1755: St-Grégoire et la région de Nicolet, St-Jacques de L'Achigan, Ste-Marie-de-Salomé près de L'Assomption, etc. Ces rencontres seront comme des retrouvailles entre frères si longtemps séparés et ne manqueront pas d'établir des contacts durables et précieux.

INTRODUCTION

Espérant aider les historiens, plus spécifiquement ceux que l'histoire de l'Acadie et des Provinces Maritimes intéresse, ceux qui tentent de combler les nombreuses lacunes archivistiques qui se manifestent plus particulièrement pour la période suivant la Conquête, nous attirons l'attention sur des documents inédits dont nous faisons aujourd'hui la mise à jour, soit une partie des Papiers Amherst. Les originaux de ceux-ci sont entreposés au Public Record Office à Londres. La Bibliothèque du Congrès à Washington en possède une copie microfilmique, de même que le Centre d'Études Acadiennes de l'Université de Moncton qui en a acquis récemment une copie de Washington.

Evidemment, il ne s'agit que d'une partie très minime de cette volumineuse et riche série de documentation que constituent les Papiers Amherst. Nous avons essayé, en autant que cela fut possible, de faire un choix judicieux, ayant comme unique critère de tracer une fresque par les textes de la période 1760 à 1763 qui touchent les Acadiens.

Afin que le lecteur ne se sente point perdu et pour mieux le situer, il a été jugé préférable d'inclure au début quelques documents déjà publiés, soit en entier ou soit en partie. L'orthographe originale, qui est dans certains cas assez singulière, a été conservée.

Les Papiers Amherst (1760-1763)

Bourdon, Commandant de Ristigouche, aux habitants de la Baye des Oulines et de Richibouctou.1 A Ristigouche, ce 14 février 1760.

A Messieurs les habitants de la Baye des Oulines et Richibouctou.

Messieurs, — Je suis extrêmement surpris que vous ayés fait aucun ordre avec les Anglois sans m'en donner avis, Monsieur le Général ne sera pas moins surpris que moi d'avoir agi ainsi.

---

sans savoir aucune nouvelle de Québec, vous vous êtes comme des étourdis mis dans un vilain Sac, ils vous regarderont comme juste avec mépris et ils auront raison vous voyant si vatiller et changeant, ou est donc ce zèle pour la patrie, cette fermeté pour la religion, quoi dans un moment tant d’années de jeunes et de fuites faites au travers les bois, exposés à mille dangers sont aujourd’hui perdus.

Enfin je ne puis vous concevoir de ne pas ouvrir les yeux et de ne pas vous appercévoir qu’ils ne garderont jamais un serpent dans leur sein et que les prêtres qu’ils veulent vous donner ne sont que de faux prétextes qu’ils prennent pour vous mener surprendre et vous récompenser des trahisons qu’ils prétendent que vous leur avés faites, Souvenez vous que Dieu est et qu’il abandonne ceux qui l’abandonnent.

Je vous prie de faire réflexion à cette lettre, il ne sera peut-être plus temps de demander grâce et miséricorde à Celui que vous avés abandonné; Dieu en a que trop fait de vous avoir mis au monde, et le roi de France de vous avoir nourris, habillés depuis dix ans comme il l’a fait...

Habitants de Richibouctou au Commandant du Fort Cumberland.  
A Monsieur le Colonel Fraye

(écrit entre le 6 février et 15 mars 1760)

Les habitants de Richibouctou étant informés que Mr. Manach avait fait un accord se disant député de leurs pars, sitôt les habitants ont envoyés deux hommes à la Baye des Quines savoir ce qu’il avait fait, lequel il nous a envoyés l’article de soumission fait de sa part datée du 6 février, ce qui a beaucoup surpris, n’ayant jamais connu Mr Manach que missionnaire pour les sauvages et n’a jamais été employé de la part de ceux qu’il se dit être à la tête ny député de leur parti.

Monsieur, vous savés que nous avons reçu de son Excellence le général Witmort³ un édit duquel personne ny est contrevenue, auquel nous ferons réponse le plutôt qu’il nous sera possible, rien ne vous le prouve mieux que la façon d’agir des habitants par leur commerce et la bonne intelligence avec les sujets de votre gouvernement, c’est pourquoi nous nous en tenons à l’édit envoyé de la part de son excellence, et qui toutefois est de la part du roy. Soyés persuadé Monsieur, que de la part duquel cela est venue, nous oblige de révoquer tout ce que Monsieur Manach a fait, et de dire avec toute vérité que jamais nous n’avons fait d’élection pour envoyer des députés et même ceux qui ont signé cela n’a été

   Cette lettre lui remise au Colonel Frye le 15 mars par Joseph LeBlanc; voir lettre de Frye à MacKenzie le 15 décembre 1760.
que de la part de Monsieur Manach pensant n'estre que la paix suivant l'édit de la part de Monsieur Wilmont, qui n'est toutefois qu'une neutralité, en foy de quoi les habitans ont signé.

Manach à Vaudreuil4 De Richibouctou, le 10 mars 1760.

Monsieur, — J'ai reçu l'honneur de votre lettre par Monsieur de Niverville, qui est arrivé avec la nouvelle que les Anglais avoient embarqué les habitans de la Rivière St-Jean pour Chibouctou contre la bonne foi des accords que nous avions faits, avec lui le 19 Novembre, forcés par la raison de le faire et non pas par d'autre motif, vous verrés, Monsieur, par le manifeste que vous recevrez qu'il nous promet la possession de tous nos biens, le libre exercice de notre religion, avec cette condition que nous ne nous melions ni directement, ni indirectement dans la querelle présente après Quebec pris et reçu la nouvelle que le Père Germain et Monsieur Maillard s'étalent rendus: les habitans et sauvages s'assemblent pour me demander quel parti ils doivent prendre, je leur demandois à quelle intention ils venoient, Nous voulons, me répondirent-ils nous rendre et vous ne scarioys vous même nous donner un autre conseil, autrement il nous faut infalliblement périr de misère, nous sommes à bout de tout, la pluspart de nous l'auroient fait sans attendre que les anglois nous y invitasent eux mèmes il s'agit aujourd'hui de le faire tous ensemble, les conditions sont bonnes, l'extrait de l'édit émané du Roy de la Grande Bretagne, nous fonde et nous met à même de nous plaindre si on devoye à ce qu'on nous promet.

La dessus Monsieur, ont été faites les premières démarches, et depuis ce temps l' Anglois n'a point manqué d'assister les pauvres familles qui s'y sont transportées ou qui sans s'y transporter ont été chercher des vivres, mais nous commencions grandement à nous appercevoir que ce n'est que pour nous mieux tromper qu'il en usa ainsi, mais nous allons par une nouvelle députation savoir ce qu'il pense ou s'il ne veut pas répondre sur ce qu'il a transporté les habitans de la rivière St-Jean à Chibouktou, ou sur le mauvais traitement des gens de Pettekoudiac, nous saurons ce que cela ou son silence voudra dire, et lors les familles prendront le parti qu'elles voudront, mais Monsieur, où pouvoir se transporter sans vivres et comment échapper à cet ennemi qui passera les glaces pour nous venir enlever; mais encore quelle cruauté n'exercerait-il pas envers nous si nous manquons aux promesses? Et dans le cas où nous sommes ne vont-il pas mieux qu'il nous manque que nous de manquer? Enfin, Monsieur, vous verrés ce qui sera à propos de nous ordoner en pareil cas, pour que nous agissions en

conséquence, nos sauvages sont allans et venans au fort, et com-
ment faire autrement, n'ayant ni hardes, ni plomb, ni poudre, ni
hache, etc.

Je ne manque pas de leur dire que le temps changeronct et qu'il
ne faut se rendre que pour un tems, qu'il ne faut point oublier ce
qu'ils doivent à leur ancien maître que s'ils reçoivent quelques
avantages temporels, qu'ils doivent le faire sans s'engager car
vous savés dis-je souvent qu'il est après Dieu, celui à qui vous
vous êtes donné avec grande connoissance de cause.

Nous demandons sans cesse au Seigneur, le recouvrement de
la Colonie et nous espérons de ses bontés le succès de vos armes.

5. Fort Amherst près de Charlottetown.
5a. Jeffry Amherst, commandant en chef des forces armées 1758; gouverneur-général de l'Amérique
du Nord Britannique 1760-1763.
Sir,

I do myself the Honor to Acquaint You that Conformable to General Murray's Orders I sailed from Quebec the 23rd. Sept. with 1 Caapt. 2 Lieuts, 4 Serjs, 4 Corpvs, 2 Drs 100 private for Ristigoune under Convoy of the Repulse frigate, Capt. Allen: We arrived there the 20th. Octor. Monsr. Danjac the Commanding Officer of the French Troops took Eight & forty hours to Consider whether he should Comply with the Terms of Capitulation; On the 30th. the Troops laid down their Arms; 3 Capts, 4 Subs, 8 Serjs, 178 Rank & File, and Embarked In the Flag of Truce sent for them.

We were Employed till the 5th. Novr in getting on board the Stores from their Magazines, in which was 327 barrels powder, Musket ball, small Shot, Blankets, Coarse Brown Cloth, Flour, Pork, Wine, Rum, & Brandy, the particular Quantity cannot ascertain, there being a great deal more than the three Schooners I had with me could receive on board, the Powder was all brought away, the Shot I threw into the River, where it was impossible for them to get them out; the rest of the Goods I desired the Capts of Militia to divide equally amongst the Inhabitants.

There were five pieces of bad Cannon, three of twelve & 2 of nine pounders in their Camp; as Capt. Allen Assured me it was impossible to get these Cannon on board, I broke their Carriages and Spiked the Cannon.

The Inhabitants by the List I have got amount to one Thousand and three persons,6 about 700 of them, as I was informed able to Carry Arms; those that had Arms, by my orders Delivered them up. Ristigoune is a scattered parcel of Loghouses, in the midst of woods, and no Clear Ground near it; the Shallowness of the Water up the River makes it very difficult for anything bigger than a Canoe to get up; near to Ristigoune there is a village, with about one Hundred Mick Mack Indians; the heads of whom I made peace with by burying the Hatchet, giving them a few Blankets, & a little Provisions.

Capt. Allen retook two New England Sloops & some prisoners; these he Carried with him to Halifax, what other Vessells that were there, and might be of any Service were Burnt.

On the 5th. Novr. we sailed in the Evening, unfortunate for us we lost Convoy, the night we got through the Gut of Canso, Came on a Storm which Continued three days, and obliged us to

6. Voilà la raison qui explique la présence de ce renseignement dans les Papiers Amherst et non dans les Archives françaises. D'ailleurs Baragier (voir sa lettre) affine la même chose.
Iye too ’till the 14th, in the morning the weather Cleared up a little, And we Saw Land, which the Master of the Vessell took for Gaberouse bay, but was Canso; About ten O’Clock next night we struck on the North East barr of the Island of Sable, (puis suit la narration du naufrage du vaissseau, le séjour sur l’île et le retour à Halifax le 21 janvier 1762)...

à Paris le Dernier Décembre 1760

M. Bazagier7 au Ministre

Evènements

La fin de Jollet  
Les navires le Machault le Marquis de Malauze et le Bienfaisant, qui avoient armés à Bordeaux, et 4 de leurs prises se trouvèrent brûlés et coulés. une Gême avoit été reprises en faisant la découverte au bas de la Rivière, la Gême existoit; majeure partie des effets et munitions des uns et des autres avoient été sauvés au nouveau camp, mais il y eut du pillage au déblayement; les magasins n’étoient que commences et on prenoit ouvertement; ce qui fut arreté peu après en formant des billets de délivraison et sans lesquels rien ne devoit être enlevé.

Commencement d’Aout  
Il fallut fretter un bâtiment accadien pour envoyer les dépêches de Monsieur de Vaudreuil, à la Cour; le Sieur Giraudais capitaine y embarqua les meilleurs effets de ses prises de la Pelleterie, ce qu’il voulut, il remit au magasin du Roi, des effets qu’il ne crut pas intéressants, 36 hommes dequipage et passagers y embarquèrent.

Aout  
La chaloupe la Fortune armée de 25 hommes, capitaine Sieur Gramond, fit deux prises de 100 Tonneaux chacune considérablement chargées de vivres et marchandises séches dans les parages de Gaspay, elles passoient de Boston à Quebec, une pour le compte du Roi,  
Le bateau les Bons enfants fut armé de 35 hommes sous le commandement du Sieur Juny, et prit en Septembre sur les côtes de l’Isle St Jean une goélette

7. Bazagier, écrivain de la Marine, nommé Commissaire à Ristigouche quand il y débarque avec Duguesac et LeGiraudais le 19 mai 1760.
chargée de vivres et marchandises, un autre qui transportait un détachement de 15 hommes à Louisbourg, et un esquif où étoient deux familles acadiennes qui allaient au même port, ce détachement fut mis à terre, le bâtiment brûlé et une de ces familles passa à Itistigouche.

Commencent de 7bre

Les acadiens armèrent aussi une goélette 47 hommes formolent son équipage, au commencement d'Octobre ils firent à la vue de Gaspay une bonne prise, ils furent poursuivis par une frégate qui leur fit échouer leur bâtiment ils se battirent vigoureusement à terre et menèrent le tout à Chipagan où ils étoient encore à la capitulation.

le 14 Septembre

Le Sieur Lartigue capitaine d'un bateau des anciennes prises fut expédié pour le duplicata des dépêches pour la Cour; il avoit à bord 74 hommes, majeure partie passagers français.

à l'amy 7bre

Mousieur de Niverville enseigne commandant à Miramichi, emmena à son poste un caporal et 9 soldats du camp, ils y étoient encore lors de la capitulation.

En aout 7bre & 8bre

Il y a eu de petits bâtiments expédiés pour le cabotage particulier, et le transport de munitions au Itoi, destinée pour les côtes et villages dependants de ce poste.

A la fin de 7bre

Mousieur Danjeac, reçoit ordre d'évacuer et de repasser en France, mais le temps d'armer plusieurs petits bâtiments parti délabrés n'ayant permis que de sortir le 15 Octobre et n'ayant point de biscuit fait comme on le souhaitoit en cas d'événement Une flotte ennemie le rencontra le 19 dans la Baye des chaleurs et le chassa à coups de canon, pierriers et fusils, il fallut rentrer et suivre la capitulation du Canada que cette flotte avoit, sans pouvoir faire d'inventaire des magasins.

Ces différentes positions mont déterminé à raddoubre plusieurs bâtiments de mer et construire de grands bâtiments de terre; defaire des marchés affrêtement, règlements procès-verbaux, instructions, rolles de revues de la troupe, des matelots et habitants pendant la campagne et à l'évacuation, déclaration de capitaines, anglais et français et de pilote pris de force et informé de l'affaire du capitaine Boucher qui hyverna et fut pris à Gaspay en 1759 &c., appositions de scellés en rade et à terre, inventaires ventes de bâtiments et effets à l'égard des prises dernières et des
particuliers morts ou pris, des inventaires de situation des magasins du Roi, états particuliers et général de consommation et d'effets pris pour en tenir compte, et autres pièces indispensables au service du Roi, de l'amirauté et du particulier.

Le 11 Octobre
Le missionnaire Manach envoya de Beauséjour une lettre du 12 Septembre, par laquelle il réclame un coffre de chapelle qu'il laissa à Miramicchy le 11 Juillet en désertant avec quelques familles; il veut prouver qu'en passant à lennemi il n'a pas moins rampy son objet; il a dit il suivi ses sauvés chés l'anglois même.

Dans le cours
Monsieur de Niverville envoya des Plaintes constatées de la rebellion des accadiens de sa partie, lesquels prirent d'autorité les vivres dont il étoit chargé et refusèrent aussi en maîtres de lui passer un domestique par rapport à la ration.
Les habitans en général ont en ½ livre de farine par personne, jusques au premier de Mars 1761 avec 14L de lard et 9L de boeuf salé chacun pour tout le temps, objet que l'on pouvait donner ensue de la farine; plusieurs d'entre eux se sont sentis du pillage et des dons précipités; mais les plus malheureux que l'on a reconnu ont été un peu mieux traités 10 à 20 L de poudre par famille selon la force de chacune leur furent aussi délivrées.

à l'évacuation
Des effets qui auraient dû se donner aux habitans il ne s'en délivra qu'une très petite partie à ceux qui étoient dans le plus pressant besoin, lesquels furent aussi reconnus par d'exactes visites. Il restoit des billets pour travaux &c sur les magasins, il n'y en a eu que partie d'acquittés; ces magasins étoient néanmoins bien fournis.

La Capitulation
L'état des habitans du poste montant à 1003 personnes fut donné au Major Elliot commandant anglois pour la terre, après l'avoir déterminé de laisser à ces Accadiens au moins les vivres du magasin ils en eurent effectivement les clefs après d'emples provisions faites par l'ennemi qui s'empara aussi des bâtiments chargés d'effets et munitions considérables; il a pu rester 800 quarts de farine avec 9 bariques de vin et du plomb. Dans le paquebot sur lequel il a passé avec la troupe 60 marins, il faut acheter du boeuf et obtenir par grâce de mauvais vin pour la table quoique le poste étoit bien garni. Une gouëlette de la rade fut vendue à des marins français par le capitaine Allain elle devoit passer à Bordeaux sous le

Tulleken, commandant de Louisbourg, à Amherst

Louisbourg Octb. 12th 1762

Sir
In another Letter which I received from Capt. Sinclair9 of the same date with the one I enclose, He acquaint me that he had an application from Sixteen French Familles, Inhabitants of that Island (St. Johns) to know if he would allow them some Provisions; If not to beg Permission to go to Halifax to make application to the Governor there, as they must inevitably Starve if they continued on the Island without some assistance, Capt. Sinclair permitted them to go to Halifax in some small Vessells of their own, and further acquaints me, there are four French men now there who are very necessary as Pilots on the Coast; that they have make a request for Provisions for themselves and Familys to Prevent their starving, and denies my leave to grant their request, being well convinced of their great distress which I have given himm accordingly...

I beg leave to represent to Your Excellency how very necessary it is to have a great quantity of Provisions in this Place than Just Sufficient to serve the Troops from one year to another: Seldom a winter passes, but some Vessells are lost on the coast of this Island (Cape Breton) or St. Johns, the unhappy Crews of which, or as many as survive, apply here or to some of the Outposts for relief, and there is no other means of their being relieved but out of the Kings Stores. Besides there are many of the poorer French Familles which are left here & at St. Johns who must have assistance from us in the winter season or Perish. I hope Your Excellency will please to take this into your consideration and order accordingly...

Sir

On the 16th Novr 1759 Peter Surett John & Michael Bourg arrived here as Deputies from the French People there Residing at Mirimichi Richibouctou and Bouctou where they offered to Submit Themselves and Constituents to his Britanick majesty and Informed that by the Calamity of war / They were Reduced to Such Destressing Circumstances for want of Provisions They must all Perish before The following spring except I wou’d take pitty of them: in Consequence of which / after Debating the affair fully with them / I Promissed to Support Such of their Poor People Thot. the winter as cou’d not be Supported at Their Seve-

ral places of abode for that term / Provided they wou’d Send them to this place and that they and all their Constituents wou’d Engage to bay vert with their Effects in the vessels their Priva-
teers had taken from the English in 1756 as soon as the Naviga-
tion open’d in the Spring in order to be Disposed of the Comman-
ding officer in this Province Shou’d think fitt — They Consented to the terms and Return’d back to acquaint theier People of them — after which Vizt on the 30th of Jany Mr. Mannach thier priest Came with Sundry of thiers Principal men, When they Submitted them Selves and people in Due form by Subscribing to Articles Drawn Agreeable to the proposed terms The affair being settled many of them Came and put themselves under my Protection To others I Sent Provisions as it appear’d It was not in Their Power to Get here at that Season of the year — by which I Exceeded The promisse I made them and Shou’d have been Estimated by them as an increase of their obligations to fullfull their promise to me: — But so it was when the winter was near spent a Consi-
derable number of Those that Came in: Deserted: — and on the 15th of march one Joseph Leblanc Came and Delivered me a Letter\textsuperscript{12} Subscribed to by upwards of Sixty of Them / Whereby they Declared They did not Like the terms of Submission Made by Mr. Mannach and others: and that They had no Right to settle Terms for them — This being after Their Consenting to the terms by Receiving the benefit of them Throh the winter / Such an Impudent \textsuperscript{10} I sent them Answer to it of which the following is a Copy

that Mr. Mannach, Francis Arsenau & others who have signed articles of Submission for themselves and you to his Britannick Majesty had any Right so to do, and that you do not like what they have done —

This is matter of Surprized you do not like those Articles as they are drawn not only to secure you in the free Exercise of your Religion but have Bound me to feed you in your Starving Condition and to Plead with His Excellency General Lawrence for all favours the Constitution of the English Government Can Possibly Afoard you —

But since have done it you are to know I now Look upon you as Rebels and that I am freed from all obligations to do any thing in your favour: That I have began my Resentments of Infidelity to his majesty and ingratitude to me by Stopping any Provisions from Cuming among you till you Address me in a Manner better becoming a Vanquish’d people Than Sending Such Impudent Letters, and that if you are not very Quick in Making satisfaction for your Insolence The Horrors of war waits you

Fort Cumberland
March 17th 1760

J Frye Coll Commanding
officer of the Garrison

Immediatly after Sending the forgoing Letter I Sent a Copy of it to his Excellency the Late B: General Lawrence together with a particular Account of the affair Vizt That before I Sent the Letter away I got it Translated into the French tongue and Caused it to be read to the Bearer by which and what I Said to him in the Cause He Seem’d Verry Sorry he had been the Bearer of a Letter that had Given so much Disgust: and Said he understood the affair better than he Did before He Came from home — That he was well assured he was then able and that on his Return he would Convinc those that Sent him of their Error and and that they w’d Come with all possible Speed to make Satisfaction for their Afront They had offer’d. But instead of their Coming for That purpose some time in the month of April following They Sent me an other Letter Verry Little better than the first upon which I Sent a Letter to General Lawrence whereby / after Aqualinting him with the Contents of Their’s / begg’d he wou’d Send a Vessel or two, of force with troops to bay Vert where / if he approved of it / I cou’d join them with a Detachment from the Garrison under my Command and proceed to the Coast of the Letter writes in order to deal with them Agreeable to their Dements but for Reasons / which which no Doubt were Good / Best Known to himself made no Answer To my proposal: so for want of that forceable Argument to Convinced Those People of their error the bulk of them united undr one Nebourvele13 an officer,

and used their outmosst Endeavour to hinder Mr Mannach and a few others / who are willing Dispos’d from fullfilling Their promise to me; However Mr Mannach and some of his adherents made Ships to get from among them and Arriv’d here The 15th July last all of whome are now here and to do them Justice must say They have behav’d as well as Can be Expected from people in Their Sircomstances, but as for those Obstinate ones that are Still out, I wish Sr you may have it in your power to Give them Due Correction —

I cannot say I have Given you Out of every Occurrence Between My Self and the french people while I Commanded here, but as I have Come as far as my time will allow of presume you’ll allow me to Conclude by Subscribing my Self

Capitaine MacKenzie au colonel Forster

Fort Cumberland Chignecto Decr 16th 1760

On the 12th instant my Company arriv’d here In the Amherst Schooner, being the Sixth day from Minas. On our arrival, I show’d Colonel Frye my Orders & Instructions, in consequence of which I took the Command of the Garrison, and received from him, Instructions & Letters from the late Governor Lawrence relative to it. Col. Frye is now embark’d on board the above mentioned Schooner with what remained of his Detachment, and means to sail this Night or tomorrow morn’. He informs me, that his Letters to the late Governor were very full, as to the Situation of this Fort and Country, and of its French & Indian Neighbours, to the extent of Forty Leagues and upwards; I must take the Liberty, of referring, in some measure, to these, as I cannot possibly say anything hitherto from my own knowledge.

Colonel Frye has given me a letter, by way of Information, of what passed between him and the French, of which please to received Copy enclosed. From Twenty to Thirty Families of those whom the Letter mentions to have remained in their Submissions

14. Colonel Forster fut nommé en 1760 par Amherst "Commander of the Forces in the Province of Nova Scotia".
have ever since remained in the huts about the Fort, lately on the approach of severe weather, that they retir'd a few miles in the Woods for convenience of Firing. They continue to come in regularly for provisions, which has been always serv'd to them after the rate of 2/3 full Allowance, because of several Childrens, who we'd not require as much Victuals as grown Persons.

As to those mention'd to have revolted, all the further information I have of them is; That they herd together abot forty Leagues distant, That they receiv'd Quantitles of Provisions from Don Jacque who was oblig'd to put into the Bay of Chaleur; And that one Mr. Neverville a French Officer with a few Regulars is at the head of them, that their Number cannot be ascertain'd but is considerable.

Of the Thirteen Tribes of MicMacks, some have submitted and many more have not: Col. Frye tell me he sent their Submissions or Treaties to the late Governor and has no Copies. These Indians have I fou'd been indiscriminately receiv'd and sometimes fed.

Mr. Manach, a French Missionaire Sauvage, as he calls himself, resides here by desire of the late Governor, who likewise gave him a Passport, to go where he pleas'd. He intends to go on his Missionary Business as he inform'd me, the Beginning of next Month, to the place where Neverville now is, and where he say several Indians likewise reside. He declar'd he believes Mr. Neverville and these French wo'd be glad to surrender themselves but what Authority he has I know not: Nor can I well determine how to recleve an officer, who after the Surrender of the whole Country stands out in arms, or a Sett of People that have behave so perfidiously, other than as Rebels against the Law of Nations.

Yours Orders, Sir, will resolve me in every particular, which I will hope for by the earliest opportunity...

Quebec 18th Jan.y 1761

My Dear General

By the conversation I have had with Robichault, and many others, it would seem of consequence, to have proper men to command at Fort Frederick, and the Posts in Nova Scotia; Honesty, and good will, at this Juncture, may attach the Mic-macks to us for ever, Avarice, oppression, and Selfish momentary views, on the other hand, will certainly be productive of bad effects, should any part of Your conquests be restored to france. I wish what Robichault says may be false, I am sure it is right for me to give you information of every surmise that may effect your extensive command, or in the least obstruct the Zealous views you have to promote the good of your country . . .

P.S. Mon.sr Dangeac has several small Vessels, he will no doubt be active with them to annoy our Trade in the Spring, unless our Sea commanders take proper measures to protect it.

Déclaration de Robichault

Quebec 17th. Jan.y 1761

Robichault an Acadian Woman left the Parish of L’Ilette on the South shore, about the 15th. of August last, and arrived at Fort Frederick in Acadia the 27th. of the same month — that Monsieur de Niverville was at that time there with thirty Acadians or Canadiens and about fifty Miramichi Indians — that the 4th. of September this Party formed a Design upon a Store house situated about a quarter of a League from the Fort, and for this Purpose sent Beau Solell and Balbeuf Canadians to Reconnoitre it; that this Robichault who had met them, found means to give intelligence of it by an Indian, whom she dispatched for that purpose with a note to the Store house, so that they had time to transport the Goods to the Fort — that since that time she has not heard a Word from that part, nor is her son yet arrived, tho’ she expected him within the Month —

She further says that about Christmas Holidays an Acadian lay at her house, who said he was just come from Ristigouche and that there was a large Party of French at that Place Hutted a League within the Woods commanded by Monsieur Dangeac (Joint à la lettre de Murray du 18)

Amherst au Col. Forster

Sir,

Agreeable to mine of the 17th. Instant, I have fully Considered Captain McKenzie's Letter to You & Col:o Frye's to him; In answer to them I can only Recommend Capt. McKenzie's Strict Compliance with the Instructions & orders of the late Governor to Col:o Frye left with him by the latter upon his being removed from the Command of Fort Cumberland.

As the Letters mentioned to be wrote by Colonel Frye to the late Governor, are said to be very full as to the Situation of that Fort & Country, and of its French and Indian Neighbours, to the Extend of Forty Leagues and upwards; no doubt Mr. Lawrence has taken them Into Consideration, and has given Instructions in Consequence thereof; if any thing has Since happened, Which may make it necessary to alter those Instructions, You on the Spot, with the advice & Assistance of Mr. Belcher, must be the best Judges of the Alterations, that may be to be made in them; And You will Accordingly with the advice aforesaid, do every thing that Shall be found needfull for the greatest Security & protection of the Settlers.

The Provisions allowed by the late Governor to those Families that have Acquiesced in their Submissions, must for so long as he intended he continued as he Certainly though it necessary.

Those that have revolted, if they do not Submit, must be reduced & treated like Rebels; and as to their Numbers they cannot be Considerable; Whatever was done by Neerville in the bay de Chaleurs, prior to his knowledge of the Capitulation of Canada, was very natural; and he certainly had a right to Attempt every Enterprize, that had a probability of turning to the advantage of his Country.

... As to Manach the french Missionary, I must ? I would not allow any of his Stamp to go to & fro in the manner he Seems to be permitted by his passport from Governor Lawrence, but as the Governor had certainly very good reasons to grant him Such a pass, he must be permitted to Enjoy the privileges of it, until there is any reason to Suspect his making Use of it to any bad purpose or Intent.

If Neerville & his party offer to Submit, their Submission may be taken...

Murray à Amherst

Sir

Since I wrote to you Last I have received letters from the Aca-
dians &c at Itistigouche, in number about four hundred, desiring

23. Grandpré, sieur de Niverville, lieutenant des Troupes de la Colonie. Frère d'armes de Boishébert. De 1755 à 1761 il fait de la guérilla en Nouvelle-Acadie mais il semble qu'il était plus intéressé, comme Boishébert, au commerce des vivres et des fourrures qu'à faire la guerre. En septembre 1760 Vaudreuil le nomme commandant au poste de Miramichi.
leave to Settle in Acadia, Cape Britton, Isle St. John, or Canada; as it has hitherto been a Maxim to remove those people from his Majestys province of Nova Scotia and the conquer'd Islands. I do suppose Canada will be the determination in the mean time, I have told them to remain where they are till your pleasure is known.

The Messanger assured me that a Lieut. Nielverville of the Troupe de Colonie with twelve Soldiers were still in Arms; he was at a post at some distance from Itistigouche where Donjac surrender'd to Major Elliot, & disclaims the capitulation as it has not been formally communicated to him. It has been signified to him that he and his followers will be treated as Robbers and Banditti if he does not as soon as possible surrender. This summons will be deliver'd to him by the Capt. of Militia of Kamarraska; I am told he is a great fur Trader, & that he will probably endeavour to seize some Vessel, load her, and make off for France.

MacKenzie à Joseph Glaude

Fort Cumberland
Feb'y 23d 1761

To Joseph Glaude Chief of the Itistigouche Tribe of McMacs. I have seen your Children whom you sent to me, and was glad to hear from you;

... There is a Trading house establish'd here for the good of your nation, and it will be your advantage to bring the Peltry you can.

You see the French are no longer able to assist you and yet the great King George is so good to you, that he forgives all past offences, and receives you under his Protection, of which you are in need. He will cause Those Acadiens whom you complain of, to quit your Hunting and Fishing Places, and to make you satisfaction; and will punish their Insolence in pretending to built vessels contrary to his order.

I am well pleas'd with the Information you Sent me as to the Vessels the Acadiens are building, and may be assur'd, that you will be well Rewarded for any services you do to the English.

I will send a Copy of your Letter to the Governor at Halifax, who has Plenty of Vessels at his Command, and tho' I cannot, at present, tell you the exact time of their being there, you may depend upon it, that they will soon destroy all the Vessels of the acadians and will hang those they find in them, if they dare to put to sea.
As to the provisions you ask for, it is too far to send any from this place, and I am quite ignorant of what may be at Ristigouche, as I have not as yet seen any of the English who were there, but I am certain, that if the English have left provisions at that place, the man who has the care of them, will not see you in a starving condition, while you remain faithful to the Great King our master.

I have wrote this to you in the French language because you understand it best: But your children should learn our language, and we will learn yours.

Sir

your Letter of the 5th Feb:y arriv'd on the 15th by the Corporal and Seven Private Men you Sent, whom I have receiv'd and entertain'd according to the Capitulation of Canada: They Brought only 5 Stands of Arms, and Said you Declar'd the rest. If you had not inform'd me you Sent them for want of Provisions, I shou'd have suppos'd that you had rather Sent them, in conse-

quence of the Capitulation above mention'd, which it Seems you was acquainted with.

I wou'd answer'd your Letter Sooner but that I waited to hear from the General; This therefore is to acquaint you, that, it is His Excellency's pleasure, the submission of the People you are intrusted with, Shall be receiv'd, and I will expect to know by the Return of These Couriers, how soon you will be here with them. As to the Capitulation made at Ristigouche, which you desire me to Inform you of, I have not as yet been made acquaint-ed with it, but I am certain if there has been any Such, it must
correspond exactly with the above mention'd, of which you been already inform'd.

you ask my Leave to go to Canada, which I cannot grant: because, you Say you have been intrusted with these People; for it will be expected from you, first to deliver over your Charge; and then I doubt not but the Commanding officer at Halifax, will give you Permission to look after your private affairs: Please to inform all the Acadians and others residing with or near you, of the General's pleasure to Receive their Submission as Soon as possible and to Return the Bearers of this Letter immediatly to.

Fort Cumberland
March 28th 1761

Sir,

On the 23d I had the honour of receiving Your Letter of the 3d Instant, Enclosing a Copy of His Excellency General Amherst's of the 19th January. The Expresses were fifteen days on their Journey, which is at least Eight days more than was necessary; and it is Evident those Acadians will always require very Strict orders to make them proceed with the least Expedition . . .

On the 15th of February, a Corporal & seven private men of the French Troupes de Colonies, arrives here with the Enclosed Letter from Mr. Neverville; I would not have hesitated a moment in Answering It, had I then known the General's and Your Sentiments; But as Governor Lawrence had ordered, not to have the least Communication with the Acadians who had Revolteed, or Stood out, nor even to grant them Provisions if they should Come in, I could not take it upon me to Answer his Letter before now. — In obedience to Your orders I have the day before Yesterday Sent two men to Miramichi with a Letter of Which a Copy is Enclosed; but Mr. Neverville having previously Informed me of their Desire to Submit, I made Use of no threatenings for fear of their Entertaining any Suspicion of being roughly treated. When they Should Surrender, as they already know, they have been Considered heretofore as Outlaws: There is very little difference in the Degree of Confidence to be put in any of them; and therefore I Chose for the Bearers of my Letter two whose families are here, but had an Inclination to go thither, either upon their private business, or to see their Friends, by which the Expence of biring them is Saved. They have promised to be back in three weeks at farthest.
When I mentioned in my first Letter from this place that I had been Informed a Considerable Number of Inhabitants herd-
ed together upon the Coasts from hence to Ristigouche, I was
from thinking them in the least so Considerable as to call His
Excellency the General attention, but, that they might be so to
the Province, vz all Trading Vessells up the River St. Lawrence,
In Committing acts of Piracy, as they had done before. From the
Information of the Acadians here, I Supposed there maybe from
Two to Three Hundred Persons inhabiting about Miramichi, and
from Seven Hundred to a Thousand about Ristigouche (exclusive
of Indians). Their Ability is certainly very triffling, but their
Intentions are not honest if we may Credit the undermentioned
Letter. The Indians are Indeed Sensible of their present Depend-
ance, Expecting better Terms Seem to be well Disposed.

February 18th a Son & Nephew of Joseph Claude, Chief of
the Ristigouche Tribe of Micmacs arrived with the Enclosed
Letter...

February 19th Michelle Augustin & Louis François Chiefs
of the Richibucto & Miramichi Tribes of Micmacs Came in with
the Son of Claude Athnais, Chief of Another Tribe; (font les
mêmes demandes que Joseph Glaude)...

The Expresses who went from here in February, before the
arrival of the Indians or French Prisoners to be back in three
weeks, which was the Reason of my not Sending Immediate No-
tice of the above as I Expected them daily Since the 7th Instant,
and that I knew Your Letters would Contain something relative
to these people.

I have been Informed since my last letter that the Acadian
Families who have been Sent from this place are maintained by
the Government at Nallaas, that at full allowance, which is a
third more than is given them here; If so, and that they are to
be Continued in the Province transporting those here, Seems to
be of no great Importance at present; especially as the Labour of
Such a number as we now have will always meet with Encourage-
ment. Gov.r Lawrence might have had motives for their removal
that I am entirely Ignorant of, Which was the Reason of my
mentioning them so particularly in my last; but as the numbers
that may be Expected in Consequence of the Letter to Mr. Never-
ville, & the Eight Prisoners now here I Shall hope for Your par-
ticular Instructions by the first opportunity.

... It must be Observed, that as I Informed them (les con-
tracteurs du bois de chauffage pour le fort) the Acadians are to
be Continued here at least to the month of June, they depend
upon them for the Cutting and nothing else, because they say it
is the only part of the work they are fit for (being all good Ax-
men) and the Garrison most unfit for...

... Capt. McKenzie's complaints of the Insufficiency of his Number for doing the duty of his Garrison, your Directions to him to Employ all the french people fit to Use an ax in Cutting fuel for the next winter, is a very Just and proper one, Which he may Easily Effect Since he will have no Enemy to fear and that he may make Use of part of his Garrison for that Service.

Mr. Belcher has transmitted to me a Charge against Manach, Which, if it can be proved, it is much better he Should be Sent to England, and I write to the President accordingly.

Governor Murray In one of his Last Letters Acquaint me that a Lient. Neverville, & twelve men had not Complied with the Capitulation, & Still Stood out in Arms at Restigouche: My answer to Governor Murray is, that if that Officer and his party could be Guilty of persisting in Such a folly, they must be made to pay for it, but that I would advice him to draw him into Can- da in order to have him Closer in Sight: If the Neverville You mention is the same and Governor Murray has not got him away, Capt. McKenzie Should offer to receive him on the terms of the Capitulation, and upon his Declining this offer to treat him as he Deserves.

Therewith Transmit to you an Extract of a letter that Brigadier Lawrence (about three weeks before his death) wrote to me, and what he requested was punctually compl’d with. This will serve to Shew you Sir, what were his Sentiments with Regard to the French that were Prisoners with us: It is my duty to Acquaint you, that there are at present in this place and at St. Peter’s One Hundred & fifty nine Men Women and Children; I beg the favour of you to acquaint Me how you would have them disposed of; whether they are to Remain as Prisoners, or be sent to France: if the latter it will be Necessary that a Ship be sent from the Continent for them, and that Platforms be laid ready to Receive them, as it cannot be conveniently done here.
I think it will be right to let a few of them remain as Interpreters of the Indian Language.

Sr

Notwithstanding what I had the honour to Mention to you with relation to the French Inhabitants in my Letter of the 23rd Instant, I find myself under a Necessity of Complying with a Request that Mr. Maillard has made to me, that the Families of Louis and Joseph Petitpas may be permitted to attend him here: These two men have always had a particular Attachment to Mr. Maillard, and may be very useful as Interpreters of the Indian Language and otherwise; wherefore I am to Request Your Excellency to Permit them to Come hither together with Six more families Vizt Abraham Lavandière, Amand Braulds, Sigismond Braulds, Jean Baptiste Romas, Jacques Petitpas, & Jean Petitpas; whom I intend to employ, as they are recommended to me by Mr. Maillard to be the most Skillfull people in making of Dikes & wares to keep off the sea from our Marsh Lands about Mines & Piziquid; and whose fidelity he assures me may be depended on.

If it be consistent with the plan which your Excellency may have laid for the future management of the French Inhabitants under Your Government, and that it can be done without Prejudice to his Majesty's service, I should be desirous that the Families of Abraham Dugas, Mr. Perez, Michael Samson, George Manet, Joseph Boudrot & his Brother Louis Boudrot,24 might have leave to Settle any where in the Country upon the Island of Cape Breton: Most of these people are particularly known to me, can Support themselves, and have merited the indulgence from their past Services to the English Government, and I have no doubt but they will still be useful from the intelligence they may have it in their power from time to time to give us: Mr. Bastide who is now with you, can remember and give you further Information with Regard to the Good Conduct of some of these people when Louisbourg was before in our possession.

If they are Natives of France, I think they should be sent back to their Country, but it would be saving to the publick, to divide them in any of the Ships of War that are going to Europe, which I think would be much better than hiring of a Ship on purpose on the Continent.

If any of these Prisoners are serviceable to You, it would be better letting them remain than sending them back to France.

Sir,

Hallfax 14th April 1761.

I have communicated to Lord Colvill and Mr. Belcher what you write in regard to the Information of Joseph Claude, and his Lordship is resolved to exert himself for preservation of the Trade in the Gulph & River St. Lawrence, by sending early his smallest Ships and an armed Vessel or two to destroy any piratical Craft the French may have fitted out last winter at or in the neighbourhood of Mirimichi & Restigouche.

The Answer you made to Joseph Claude's Letter was very proper, as well as that you gave to the other Indians which came to the Fort. The Chiefs should all of them, if possible, be prevailed with to come to Hallfax to make their peace with His Majestys Governor and Council...
If M. Niverville and his acadians should come in, they must be disarmed and have provisions at two thirds allowance till you can have an opportunity of sending them by water to piziquid, from whence they can march overland to Halifax & join those here, so as to be in readiness when his Majesty's Instructions concerning them comes over, which is looked for every day. As the vessels that go to Fort Cumberland return for the most part in Ballast you will agree with the masters, unless they be province vessels, upon the lowest terms you can for the trip to piziquid.

You have been wrong informed with regard to the provisions issued at Halifax to the French prisoners, they have never had more here than two thirds allowance...

By my answer, which I flatter myself will meet with Your Excellency's approbation, you will perceive that I have agreed for the Garrison Fuel at Chignecto at fifteen Shillings Currency p. Chord; which is cheaper than ever it has been furnished for hither-to as I have been informed.

Sir

Halifax 1st May 1761

By a letter I have just now received from Captain Mackenzie at Fort Cumberland, I learn that Messrs. Thompson and Gridley of Boston, have sent there an Agent to contract with some of the Accadians Families to carry on the Oil and Cod Fishery at the Bird Islands in the Gulf of St. Lawrence, in virtue of a Grant they say was obtained from Your Excellency by Coloney Gridley, till His Majesty's pleasure is known. This scheme appears to me, to be chiefly calculated by these Gentlemen to carry on, by means of the accadians, an illicit Trade with the Micmac Indians of this Province, with whom they are well acquainted, and to deprive the Government here of the power of keeping the Indians in Subjection and Dependance, by the Supplies which they must necessarily have in exchange for their Furs; otherwise it is pretty plain that Messrs Thompson and Gridley, would not launch out so much money, as such a Fishery would require, upon a precarious Tenure: However, as I am not very versant in these matters, I have acquainted Mr. Belcher therewith, that he and the Council may Communicate to Your Excellency, their opinion how far such a Fishery under these circumstances may affect the Interest of this Province.

Captain Mackenzie informs me that the messengers he sent to Mr. Neversville are returned and report that he had set out for Canada eight days before their arrival at his post, which makes me conclude that he must have received some orders from Brigadier Murray in consequence of the Directions you had given for drawing him that way.

The enclosed Copy of a Letter from the French Accadians that Settled themselves at Mirimichi & Ristigouch of their being Expelled from hence for refusing the oath of Allegiance to His Majesty, I received from Capt. Mackenzie a few days ago, their Application to the Governor of Quebec is not without some Art as by that means they suppose themselves in the Province of Canada, & Consequently under the General Capitulation; Altho they well know, that the English have ever held it incontestable that the Antient Boundaries of Nova Scotia extended along the North Shore as fare as Cape Rosier beyond the Bay of Gaspey; If this point should be given up when we possess the whole, what handle may not be made of it hereafter.

Many, if not most of the inhabitants now at Ristigouch, are people who went thither from Mirimichi after having sent in their Deputies to Fort Cumberland to make their submission; even the very Subscribers of the Enclosed Letter. From the Conversation Capt. Mackenzie had with the Couriers that carried his last letter to Mr. Neverville, which the Inhabitants opened, & read he finds, that unless they can have Assurance of remaining in Acadia, they mean to live Independent till they are forced.

Sir

I esteem it my duty to acquaint you Sir, that when the French people were removed from the river St. Johns there was none left but Pere Germain priest for the Indians, with about Six French people, who served as their Interpreters; but they are now encreas'd to about Sixty from Canada, and these report that many more of the Canadians intend coming that way very soon. If numbers come and Settle in the Country without the proper authority it will I apprehend, have a tendency to prevent the English possessing themselves of the lands on the Banks of that River; and if Canada is Ceded at the peace, they may have it in their power to spirit up the Indians as heretofore as well against the Inhabitants of this province; this consideration however, I humbly submit to Your Excellency's Superior Judgment...

Sir

The French have been our best resource and it is a pleasure to me that you approve of these in the Capacity of Artificer's, I shall try to find out and retain the best of them for sometime and Dismiss the rest, Since you do not approve of any being Occasionally Employed as Labourer's to which they always Submitted Cheerfully when Wanted, And One of them did more at all times than two Provincials . . .

The great Inducement to Employing French (besides the Advantages of their being able men and the dispatch of the Work) was that wither they work or not they receive Provisions, and that Calculating the Bounty and pay the Provincial receive, the French work at the Rate of Three pence or four pence less per Day than the Provincial . . .

Sir

The French Men who work at present about the Province, and are I am informed near two hundred: might be employed for the services before mentioned (felling and Squaring of Timber) — if no inconvenience arise from it, whose Wages would be no more than what the Provincials receive as Troops, and not be paid When Sick or unable to Work... Forster à Amherst  Halifax 28th August 1761.

Sir,

Captain Mackenzie acquaints me that he has received certain Information that such of the Acadians as do not Surrender them- selves intend to steal some of our Settlers Cattle for their Winters Subsistance, in which they will be greatly assisted by the Vessels they are possessed of from the Indulgence of the Com- mander of His Majesty's Ships sent up this Year to the Bay of Chaleur, who it seems has given them passes to go all along the Coast wherever they please, which I suppose must have been ob- tained under pretence of their Surrendering themselves to some of His Majesty's Garrisons.

The Government here propose to fit out one or two small Vessels which the Captain has at Bay Verte, to seize such of them as can be come at, by sending out small parties according to the Intelligence he receives, which I have approved of. These people are Spirited up in their obstinacy by one BeauSofell an Acadian, and two or three others who have already rendered themselves so obnoxious to the English that they are conscious of the treat- ment they deserve at our hands, and therefore Stand out; If Cap- tain MacKenzie's parties are so lucky as to fall in with them the rest would soon surrender.

Upon my Communicating the above Intelligence to the Lt. Governor it was resolved in Council that a Communication should be opened to Chignecto by the head of Cobeguld Bay for the more speedy marching of Troops that way in case of need and at their request I have sent Twenty five Supernumerary provincials to assist in this Service

Dr Sir

Inclosed are papers relating to the Acadians at the Bay Chaleur, Miramichi &c the men of war who have been there all the summer gave them passes to fish and to go to Louisbourg and Beauprebour by which the scheme of bringing them to Canada has for this year been frustrated: I have wrote a letter to the Lieu. Gover-

nor of Nova Scotia on this Subject, and shall expect your orders that I may take measures for the execution of them as soon as the navigation is open next Spring; for now it is too late to do any thing therein this Autumn.

MacKenzie à Forster

Fort Cumberland November 3d. 1761

(Journal de la razzia de MacKenzie dans la région de Miramichi)

Sir

I have the Honour to inform you that in Obedience to your Orders and Instructions of the 19th. September, I proceeded as Soon as possible after receiving them, to the River Nipsiguit (whose name I had formerly been misinform'd of) in the Bay of Chaleurs, in two Small Vessels belonging to the Acadians which lay in the Bay Vert; the one of Eighteen, and the other of about Thirty Tons burden. I took from the Garrison two officers and Fifty men besides two men of the Royal Regiment of Artillery and two Artificers, and armed these Vessels with two Carriage Guns and twelve Shell pieces; and having fitted them for the Service by the assistance of a Master of a Vessel and the Acadian Pilots, Sall'd from the Bay Vert on the 17th October after giving out that we were bound to St. Johns Island and Supply of Prov-

tion of our real Route. Captain Danks was fully informed of your instructions relative to the Security of the Garrison before departure.

We made the Harbour of Nipisiguik, which is about Seventy leagues from the Bay Vert, on the 23d, and found the Acadians Surpriz’d by our unwelcome Visit, having known nothing of its till we were ashore in their houses; which they had built in the wood on each Side of the harbour. The People that have been most obnoxious to this Government liv’d there, and are now Prisoners here.

I Sho’d have mention’d that Etienne Echabock Chief of Pock- mouch accompanied me, and promised to be active in assisting if there Should be occasion which he informed me would probably be, if the Acadians knew of our coming.

We came from Nipisiguik to Karakett, and from thence to Chipagan, other harbours where the Acadians liv’d; and having Seiz’d all the Vessels and Craft belonging to them, fitt’d them with their principal Families, taking Hostages for their good behaviour, as it was necessary to cause them navigate them selves.

We found in all thirteen Small Vessels, (Sloops and Shalloops) which were not Sufficient to transport one half of the Acadians; and as the Season was so far advanced, that we had reason to be wary of being froze in, I thought it best to return as Soon as possible with as many of their leading People as could be transported, and leave the rest in charge of the Indian Chiefs, who undertook to be watchfull of their behaviour till Sent for in the Spring; as well as, not to permit any of those that were taken away ever to return to this Country hereafter. We accordingly arrived yesterday at Bay Vert with Six of the largest Vessels, having been obliged to leave the others Seven Small ones to coast It along, being open and unfit to Venture at any distance from the Shore. These are not yet arrived.

One hundred and Eighty Seven persons are now here, ready to be Sent to Piziguld, and Sixty three more were embarked in the Small Craft above mentioned. Besides those, there are Sixty Eight Families inhabiting the different harbours from Gaspée to Bay Vert, of which please to receive particular Lists, exclusive of the half breed Acadian Indians, whom I dont know which Side to class with, and have therefore let alone.

Such of the above Acadians as I was informed had been privateering or pirating Since they Sent in their deputies to Submit to Colonel Frye are confined according to your orders, One or two

of these deputies and all the other principals that remain'd are in this number; So that there remains now on the Coast only one of any note among them (BeauSolell) who lived at a distance from the rest and retired thirty leagues into the Woods upon having Intelligence of us; This fellow I believe may be Catch'd this Winter or Spring by a Scout upon Snow Shoes which I will be ready to try if you think him worthy So much notice.

At Nipisigulilk we found an English Brigantine trading with the Acadians with a Pass from His Excellency Gen.1 Murray. I Show'd the owner of Super Cargo that Paragraph of my Instructions that related to Vessels trading upon the Coast, and tho' this Gentleman was pleas'd not to talk with due respect of the department of Nova Scotia, I Show'd all possible respect to General Murray's Passport. He went almost out of the Harbour before us, but got a ground in the Mouth of it...

Sir

On the 16th Instant I had the honor to receive your Excellency's Letter of the 4th. of October with the Extracts... Captn. Mackenzie is returned from his Expedition, of which the enclosed is an account, I also transmit Copies of the Lists that were Sent therewith. Mr. Belcher the Lieut. Governor, with whom I consulted upon this occasion, advised that the Vessels which were Seized (tho of little value) Should be condemned in the Court of admiralty, that upon their being Sold, the purchasers might have a proper title to them, I have therefore given Orders to Capt. McKenzie to Libell them in that Court, & upon their being Condemned, to get them Sold at publick Vendue; there is likewise Some provisions, & Goods which are perishable, these I have given him orders also, to cause be Sold at publick Sale; and the money arising brom both Sales, to remain for your Excellency to dispose of as you Shall judge proper.
... Mr. Beicher has relinquished in favor of the Captors, any Share that he might draw for his Majesty, or himself as Lieut. Governor, of the Value of the Vessels or Goods that have been taken.

The Prisoners are arrived here from Fort Cumberland & it has been thought proper to put the Ring-leaders into close confinement, for an Example to the rest, & to Shew them their breach of promise made to Colonel Frye Shall not go unpunished...

Richard Gridley35 à Amherst New York December 5th, 1761

Sir
Your Excellency was so good as to communicate to me some Suspicious, contain'd in a Letter you receiv'd from Nova Scotia; that I intended to carry on an Illicit Trade in the Gulph of St. Laurence, with the Indians for Furs &c. also that I had imploy'd French men & French Neutrals there:— as to carrying on any Illicit Trade there, Permit me to Declare to you Sir, that I never was Directly, or Indirectly, concern'd in any Illicit or Contraband Trade; and it never enter'd into my thoughts, to carry on such Trade in the Gulph of St. Laurence; with the Indians or any one else: I think such Trade dishonest, and it is my aversion: — As to employing French men, and Neutrals, it is true Sir, I have imploy'd them there, only that I might learn their method of Catching the Sea Cows; as it was a Business they kept as a Secret from the English; I now know their method, and do not design to imploy any of them longer than this winter; for its my inclination to prefer the natural Subjects of His Majesty to Foreigners: — I have no other Intention than Simply to carry on the Fishery at Islands Magdalene, in the manner I have already given Your Excellency with his Suspicious; I wish he had waited for Facts; I have heard some persons at Cumberland were fitting out Vessells for those Islands, how far that Gentleman was concern'd in the fitting out I can say, but his Suspicious seem to me Arrise from Dissapointment. I have hitherto an unblemishd Caracter, & shall endeavour to maintain it; to do nothing unworthy Your Excellency's Countenance...

New York 3d. January 1762

Sir,

With regard to the Prize taken by Capt. MacKenzie I am to observe that were I to give the money arising therefrom to the Captors, it would be deviating from a Rule, which I have hitherto strictly adhered to, ever since I have been honored with the Command in this Country, having always considered everything of that nature as belonging to the King; and if these Boats or Vessels are wanted for any Services, they ought to be employed therein; if not, I would have you consult with Mr. Belcher, and dispose of the Monies arising from the Sale of them, on some charitable purposes which I am sure will be most agreeable to the Lieut. Governor; and I am convinced the thanks of the Province will give more satisfaction to Capt. MacKenzie, than he could receive by getting his share of the prizes.

Halifax 18th. February 1762

Sir,

The Lieutenant Governor, to whom I communicated that paragraph of your Letter relative to Mr. Gridley, and the Copy of his to you respecting the Fishery at the Magdalene or Bird Islands, was of opinion that we should write your Excellency a Joint Letter upon that Subject, which is herewith enclosed. I am thoroughly persuaded that Mr. Gridley's insinuations with regard to Capt. MacKenzie are without the smallest foundation, nor should I have been able to have resisted his most pressing solicitations to be relieved early last Spring in order to be at hand to go upon Service had I known how to have supplied his place with so dilligent, sensible and active an Officer as that important post ought always to have.

Upon receipt of your Excellency's Letter of the 3d. of January I caused a release to be made of the Judgment of the Admiralty Court by Capt. MacKenzie in favor of Lieut. Gov'r Belcher & my Self, and we have thought proper to keep one of the French Vessels in the Bay of Vert, with a little Shallop to attend her, & have ordered another caused to Chignecto, to save as much as possible the publick Expence; they can be made use of for various purposes, & the charge of the maintenance will be very triffling, as they can be navigated when there is occasion for them, by some few of the Garrison assisted by French Neutrals as Pilots; the produce of the other articles which have been taken and condemned shall be applied in the manner you have pointed out to us, as soon as they are sold off at publick Vendue...

Belcher et Forster à Amherst                         Halifax 18th. February 1762

Sir

We have perused the Copy of Mr. Gridley's Letter to your Excellency of the 5th. of December, with regard to his Fishery at the Magdalene Islands, wherein, after his denying any intention to carry on an Illicit Trade with the Indians, by means of French Neutrals or otherwise, he reflects upon Capt.n Mckenzie as a Person interested in that Trade.

As we conceive Insinuations of this Sort to be highly injurious to Captain Mckenzie's character as an Officer, we cannot, in justice to him, avoid declaring to Your Excellency our Sentiments of that Gentleman's behavior in his Command, which has been entirely uniform in the promotion of his Majesty's Service both of a Civil & Military nature, agreeable to his Duty; and that from his disinterested Zeal for the publick good, we have the greatest Reason to believe, that he has upon no occasion been concerned in any Trade, or Schemes of Traffick, Profit, or Commerce whatsoever.

Mr. Gridley's having employed an Agent to engage Some of the French Neutrals in his Service, while they were prisoners under Captain Mckenzie's cares at Fort Cumberland without acquainting him therewith, or producing any authority for So doing, might be the cause of his having an unfavorable opinion of Mr. Gridley's Conduct; and as it was his duty to report every Occurrence that happened in his district, his having done So, we apprehend, ought by no means to authorize Mr. Gridley, to re灿烂inate by an insinuation that had So little the appearance of Credibility.

Our desire to Set this matter in its proper light to Your Excellency, will, we flatter our Selves, apologize for the trouble we have given You...

MacKenzie à Amherst                                    Fort Cumberland March 3d 1762

Sir

Upon any other Subject, I would not take the liberty of troubling your Excell.y with so long a letter, as I am under the necessity of making this Apology for; But as you was pleas'd to do me the justice of sending to Colonel Forster Mr Grindle's Insinuations against me, I likewise depend upon your Excellency's patience to hear my Answer; even tho' my anxiety for your Excellency's good Opinion, and Indignation at so false an Artifice to hurt it, may cause me to say more in my own behalf than perhaps is necessary.
The following Extract of a letter I wrote to Colonel Forster, dated Fort Cumberland 26th April 1761, will show your Excellency all I ever said of Mr Gridley and his Fishery.

"On the 6th instant arriv'd in a Vessel from horton, one John Morris an Acadian36 whose Father has live'd in New England some time. He brought with him a letter from Messrs Thompson and Gridley Merchants in Boston to their Correspondent here, from which I take the liberty of transcribing the following Extract—The Bearer of this is John Morris in our service employ'd to contract with Mr Joseph Arsenau to go to the Bird Islands to carry on the Oyl and Cod fishery, Colonel Gridley having obtain'd a Grant of the same of General Amherst till his Majesty's pleasure is known."

"Joseph Arsenau is one of the Acadians who have been here since the Fall, but I have not allow'd him to enter into any Engagements with Morris as he has not your permission, and that I am entirely ignorant of His Excellency the General's Intention otherwise than by the above letter address'd to a Merchant of this Place. The Severity of the Laws restricting the Indian Trade, makes me likewise imagine that the Province may be perhaps jealous of these Acadians, who are well acquainted with all the tribes of MicMac's and have heretofore traded with them, since being with Vessels upon their Coasts, give the Fisher's an opportunity of supplying the Indians from New England and preventing their coming here with their Furs, unless they are bound to some penalty in case of being discover'd in such practices. Therefore, Jos: Arsenau is the bearer of this, that he may represent his own case and obtain such permission as you may be pleas'd to give him. There is a Brother of his here, Francis Arsenau, who has a small Vessel drawn up in one of the Rivers falling in to the Bay Vert; He also wants liberty for himself and his Vessel to be employ'd in the same Fishery, and I suppose his Brother will apply for him to that purpose: In the meantime, I have allow'd him to go and refit her."

Being sent here to protect the Frontiers of the Colony, I never meant to confine my Endeavours to the mere Security of this Fort, but to promote it's Interest in every possible respect; And if that was extending my Sphere too much, I certainly mistook my duty. It was this Opinion alone however, made me give my Sentiments so freely to Colonel Forster, without any personal malevolence to Mr Gridley, whose name I had never heard of before. At the same time, I was sensible of my being accountable to Colonel Forster for all the Prisoners under my care, of whom the Acadians above mentioned were a Part; And likewise, that

36. Jean Vigneau dit Maurice.
had your Excellency given any Order about them, I should have heard it from better authority, than Mr Gridley's Correspondent's Heresay.

Your Excellency's name having been made use of, was the reason I sent these Acadians directly to Halifax, to prevent loss of time and to be better instructed. They obtain'd leave to go to the Magdalene Islands, & went.

When the Summer fishing was over, the Arsenaus retur'd to Bay Vert in their Schooner, and one of them ask'd leave to go back with his family in the same Schooner, to remain on the Islands all Winter. At this time, I had Instruction from Halifax to arm two Vessels in the Bay Verte, for the protection of the new Settlements &; And soon afterwards, Orders to proceed in these two Vessels to the Bay of Chaleurs, as I suppose Colonel Forster have already acquainted your Excellency: Wherefore, I was oblig'd to make use of the Schooner above md and another small Acadian Vessel, the only ones then at the Bay Vert fit for use, or that could be made usefull, without putting the Government to a considerable Expençe; which was contrary both to my Inclination and Instructions. For the reason just mention'd, I told Arsenaus, I was ordered to use his Vessel for a small Service that was required of me, and the instant that Service was done, he should have liberty to go with the Schooner where he would. I did not think myself under a necessity of telling Mr Gridley's Correspondent, what I was directed to do with these Vessels, but gave out, it was to supply Fort Amherst on St Johns Island with Provisions, to prevent any suspicion of my real design; which, if necessary to execute, was necessary to keep secret.

As soon as I return'd from the Bay of Chaleurs I perform'd my Promise to Arsenaus, but he declin'd accepting my Offer, saying it was too late in the year.

I am not at all surpriz'd to find my behaviour, as above related, construe'd by narrowminded people as a Scheme of entering into an Oyl and fishing Trade, but flatter myself, your Excellency cannot entertain so mean an Opinion of me, otherwise you never would have taken the trouble of giving me an Opportunity to answer the scurritous Accusation. Should any further proofs be necessary, I would confidently call upon Colonel Forster and Lt. Governor Belcher, who I am conscious would do me the justice to declare; that no dirty Scheme of Profit, of any kind, has influenced my Conduct in any respect, since I have had the Honour of receiving Orders or Instructiouns from them. And further, permit me to acquaint your Excellency that I made most earnest applications to Colonel Forster last Spring to be reliev'd from this post, as I was sorry to find, being here prevented my going upon Service with the first detachment of the Regiment; which I never would have done., if the sole pleasure & Advantage I propose to
myself as an Officer, did not arise from the hopes of being em-
ploy’d, and not from the low Views of Trade, that my present
Situation might afford to a commercial disposition.

If I might take the liberty to ask a favour, it would be to
grant me an opportunity of proving any Assertion in this letter,
particularly the last; Since, very conscious of your Excellency’s
Candour, I promise myself the Honour of Continuing at all times.

On Board the Swanton Schooner off
the Isle Jeremie y: e 14th July 1762

May it Please Your Excellency

We take this first opportunity of acquainting you Yesterday
Morning we Sailed from Bic, and stood in for the Village of
Holmbe, about four OClock came a Canoe with three Indians on
Board who informed us that they belonged to the Bay of Chaleurs
immediately by Land which is about fifty Leagues from Barnabi,
them Indians likewise inform us that the Inhabitants are Nu-
merous, and that Sergeant Carr is with them and that he never has
been a Pirating as was reported, but there was three small Ves-
sels send out last Year with Twenty Men on Board of each, they
took three Sloops Bound to Quebec, those Vessells was Command-
ed by Mr. Rousseau, and when the Prizes was brought in Sergeant
Carr and all the Party on Shore Shared alike, in the fall of the
Year they send off two of the Sloops which they had taken in
fishing to the Northward, and they was Retaken by the English,
there is now a Small Schooner with forty Men, & a Chaloupe
filled out from the same Party, and Commanded by Mr. Rousseau
they are Cruising to the Northward, we thought proper to delay
those Indians for further Intelligence and for fear of their going
to alarm the place, as they intended to set off in two days by
Land, one of those Indians is A Chief Man amongst them as he
is the only French interpreter they have, and I really believe he
came to Barnabie for intelligence, he farther tells us that the
Priest of this place is a going for Quebec in three days, he is a
Recollet that came from amongst these People his name is father
Ambrose.

He further informs us that the Merchants of Quebec have
Supplied them with all kinds of Necessary’s and that they Treat
for all their Pelletteries &ca: with them and he saith that there
is at present an English Merchant at Ristigouch, this Indian pro-
duces us a Certificate signed by Captain James Harmwood of His
Majesty’s Sloop Porcupine dated June the 22d. 1761 to Pass to
Quebec, Chebucto or Beausejour to Treat with the English for
Peace, but he tells us he hath been at neither of those places, we
Treat not as Prisoners but as Friends they want for Nothing and seem to be well content as they find we are going to the Bay Chaleurs, I hope they will be a great Service to us and we will reward them accordingly... we are making the best of our way to the Bay Chaleurs...

there hath been more Work done on the Wharf, One Day with another, by these few Axmen (Regular Troops) (whose Number never yet Exceeded two and Twenty) than by the Fifty French Men that were employ'd last Summer upon the same Work. . . Sirs

This moment an express is arrived from Capt. Ltent. Bruce at Annapolis Royal with an account that there has lately been an extra-ordinary Meeting of Savages in that Neighbourhood, on the breaking up of which a large body posted themselves on the other Side of the River opposite to the Fort where they Still remain. The Accadians at work on the Fortifications have gone amongst them and report that they are more numerous than any body of them that has assembled in these parts for Several Years past; they are very inquisitive about the nature of the peace*; . . .
